Minor in Entrepreneurial Studies in Art and Design

KCAI has partnered with the Bloch School of Management at the University of Missouri-Kansas City (UMKC) to offer a minor in entrepreneurial studies in art and design. This 16-credit-hour minor includes entrepreneurship and business course offerings taught by Bloch School faculty on the KCAI campus. UMKC's Bloch School of Management and the Regnier Institute for Entrepreneurship and Innovation (RIEI) is dedicated to "inspiring, nurturing and transforming entrepreneurs and innovators across disciplines." KCAI recognizes the need, and demand, for today's artists and designers to have an entrepreneurial spirit backed with business acumen and leadership skills. Students in all majors may elect to complete the minor with careful course planning. These courses help students learn business fundamentals and engage in innovative artistic ventures.

Program-Level Learning Outcomes:

- Pursue opportunities to create and capture value that align with their talents and desires
- Understand key management, marketing, financial, and economic principles necessary in an entrepreneurial career and an organization
- Design, test, and execute a business model
